

Grayson County College's Honors College  
Greater Participation in Learning Form

As a member of GCC's Honors College, you have indicated your willingness to extend your learning beyond the classroom by volunteering for campus or community service so that others may benefit from your investment in your education.

You may choose any form of unpaid service to others (GCC tutors may be paid) that benefits our campus and community. You must average 1 hour of service per week. You may alter the time spent each week to negotiate your other commitments and any unforeseen circumstances, but on average, you should spend no fewer than 4 hours each month participating in an activity providing a service to others in the community.

Although you are welcome to find and select your service learning activity, the Honors College Coordinator, Dr. Jean Sorensen, will provide you with a list of meaningful forms of community service upon your request.

*You must complete a new Greater Participation Form if you alter your service learning activity.*

Below, please indicate your service learning activity and describe how it benefits others. Also indicate any connection this activity has to your current or future plans for higher education:

List the name and phone number of a person able to verify your participation.

*Students enrolling in the Honors College, upon completing this form, attach it to your Honors College application form and submit it to Dr. Jean Sorensen, Grayson County College, 6101 Grayson Drive, Denison, TX 75020. Students altering their participation, deliver this form to Dr. Sorensen's office in the Liberal Arts building, room 105D, rather than mailing it.*
