

**Quick Tips
for Students**

Transcript requests must be made in writing or in person ONLY. Requests must be made in advance and may be picked up two business days following the request.

However, students who request a transcript to be sent directly to another college or university may do so by e-mail at transcripts@grayson.edu. There is no charge for official transcripts. Unofficial transcripts may be printed from your student account on the GCC website through Campus Connect.

Credit classes at GCC cost less than half of what they would at a Texas public university and are a fraction of the cost of a private university. Add GCC's small class size and dedicated faculty, and you'll discover why GCC offers a new dimension in learning!

TUITION AND FEES

Mandatory fees include student services and general use fees. In addition to the fees indicated above, extension site students must pay an additional \$4 per hour facility use fee. Students will also be assessed parking, matriculation and student ID fees, and some classes have additional laboratory fees, which are listed on this page. The schedules of combined tuition and mandatory fees presented below are intended to assist students in estimating their educational costs. The following tuition and mandatory per credit hour fee rates have been implemented for the 2005-2006 academic year:
