

Our Piano Instructor

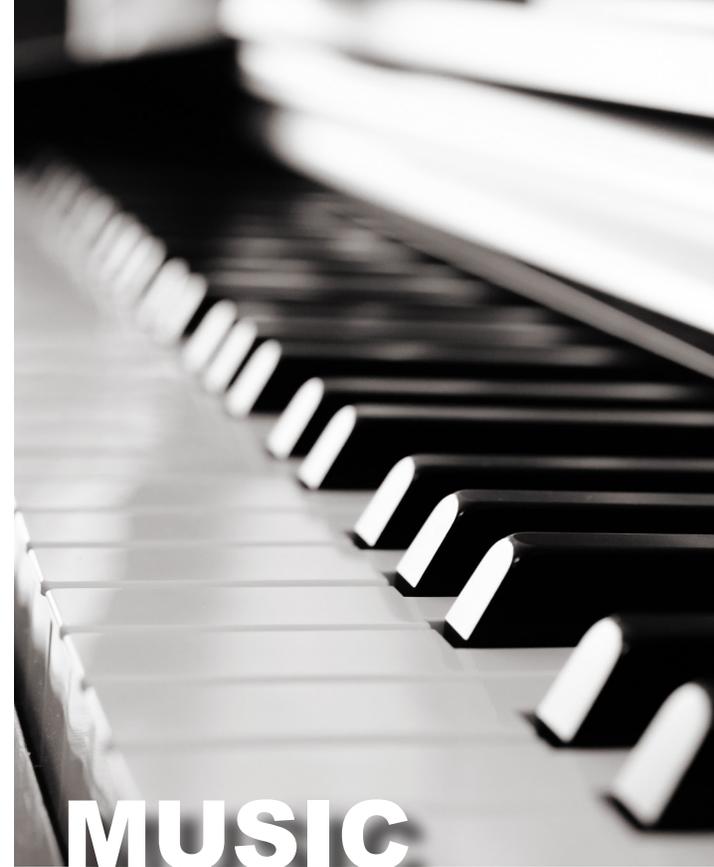

Tatiana Bays is the full-time piano instructor and accompanist. Ms. Bays was born in Sevastopol, Ukraine and, as a child, attended the Children Music School of Arts. She continued her music education and ultimately earned a master's degree in Music Education from the prestigious P.I. Tchaikovsky Music College in Simferopol, Ukraine. We are very proud of the European conservatory training and years of teaching and performance experience that Ms. Bays brings to our music department and the Grayson County community.

Project "88 Keys"

The "88 Keys" refers to the number of keys on a piano keyboard, and it cannot be over emphasized how important the piano is to an excellent music education. Therefore, the Grayson College Foundation has taken on the challenge of raising funds to maintain our Petrof pianos, and to acquire new pianos for the piano studio, voice studio, and practice rooms.

Grayson College, with the help of Roger Sanders, The Oliver Dewey Mayor Foundation, and the Thelma Braun & Bocklett Family Foundation, have acquired two Petrof concert grand pianos.

You're the "key" to our success

If you share in the love for music, we hope you will consider supporting Project "88 Keys", and that you will encourage others to join you.

Music is unique in that it can be enjoyed - and played - for a lifetime. Recent renovations and expansions to the Grayson College Arts and Communications Center have provided an excellent environment for musical training, classes, lessons, and more. The Music Department faculty and staff invite you to visit our beautiful facility and learn more about our growing program and amazing students.
