On behalf of everyone in Housing, I welcome you to Viking Nation. We’re so glad you chose to make GC Housing your home: a place rich with opportunities to create lasting memories and friendships. We know how busy you are with classes, work, practices, and other obligations, but we also know that you deserve a place to relax and feel at home. Grayson is your home.

Living on campus allows you the unique opportunity to meet and interact with people from diverse and interesting backgrounds. Everyone has a story to tell, and we know being here with us at GC will be one of the most enriching chapters of your story. Here, you will cultivate skills and memories necessary to become the person you were always meant to be.

Our goal is to create a safe, engaging and welcoming place for you to call home. To thrive in our community, we must foster mutual respect between one another. To do this, familiarize yourself with the GC Student Handbook and the Residence Hall Handbook, which contain policies and procedures for you to write this next chapter in your life.

We know that students who reside on campus and who are involved in student life tend to be more successful; they’re also more likely to complete their academic goals. I challenge you to take advantage of these opportunities and discover the meaning of Viking Spirit!

SERVICE/COMFORT ANIMALS ON-CAMPUS

How do I know how my animal is classified?

A dog/cat not trained to respond to any stimuli, animal’s presence is its value THIS is an assistance/emotional support animal.
  • Covered under the Fair Housing Act (not recognized by ADA because there is no right to comfort).

  • The use of this animal in Housing must be approved through both Disability Services and College Housing.

Service Dogs in Training:
A dog you are training to perform a task for the benefit of a disability dog must be accompanied by approved trainer at all times THIS is a service animal in training.

Students with service animals should read and familiarize themselves with the following procedures. After signing the acknowledgment (page 5), the student is responsible for submitting this form to Housing Coordinator along with any other required documentation.

No animal will be permitted in residence halls that:

- Is not approved by the DS office (Assistance Animals)
- Is not approved by Housing Coordinator
- Poses a direct threat to the health or safety of others
- Would cause a substantial physical damage to the property of the College and other residents
- Would pose an undue financial and administrative burden to the College
- Would fundamentally alter the nature of the College's housing operations

- Dogs must possess friendly and sociable characteristics. A specific dog can be restricted from the premises by the Housing Coordinator or designee based on any confirmed threatening or territorial behavior. Dogs that are classified as “Dangerous Dogs” (Texas Health and Safety Code Title 10, Chapter 833, Subchapter A, Sec. 822.041) and “Dangerous Dogs” (Denison City Ordinance, Chapter 4, Article II, Sec. 4-39)

Any Other Animal

To be considered on a case-by-case basis by the Housing Coordinator or designee. Animals defined as “Dangerous Wild Animals” in the Texas Health and Safety Code §822.101 (big cats, apes, bears, hybrids of these animals), primates, high rabies risk animals (bats, fox, raccoon, coyote) venomous animals and domestic animals with unknown health history are not allowed.

Standards of Behavior by Animal and Animal Owner

Health, sanitary, safety, and disruptive standards must be maintained as follows:

- The student must have an already established relationship with the animal (Emotional Support Animals).
- Animals require daily food and attention, as well as a daily assessment of their general health, behavior and overall welfare.
- Animals cannot be left unattended overnight at any time. If the owner must be away, they must either take the animal with them, or make arrangements for them to be cared for elsewhere, which does not include other residence hall spaces.
- In shared living spaces, the animal must be in an appropriate container if the owner is not in the room with the animal.
- Emotional support animals must not be taken into the residence hall offices, administrative offices, common space or student living areas.
- Animal waste must be taken care of and any animal handler or owner must comply with Denison City Ordinance Chapter 4 Article I. Sec. 4-1. Animal feces, defined as cat litter box contents and any solid animal waste, must be disposed of properly. It is the owner’s responsibility to remove feces from College grounds, dispose of it in a plastic bag, and then place that bag in the garbage dumpsters outside. Cleanup must occur IMMEDIATELY. Animal feces may not be disposed of in any trash receptacle or through the sewer system inside any building on the Grayson College campus. Waste MUST be taken to any residence hall dumpster for disposal.
- Residents with cats must properly maintain litter boxes. In consideration of the health of the cat and occupants of the residence hall room, cat litter box contents must be disposed of properly and regularly. The litter box must be changed with new cat litter regularly as outlined by the manufacturer.
- Animal-accidents within the residence hall room must be promptly cleaned up using appropriate cleaning products.
- Regular and routine cleaning of floors, kennels, cages, and litter boxes must occur. The odor of an animal emanating from the residence hall room is not acceptable. (see Cleaning Section below)
- Any flea infestation must be attended to promptly by the Housing Coordinator contracted professional extermination company at owner’s expense. Owners are expected to promptly notify the dorm office or the Housing Coordinator facilities staff and arrange for extermination when a flea problem is noted. Animal owners may take some precautionary measures such as: flea medications prescribed by veterinarians, flea and tick collars, taking the animal to the veterinarian for flea and tick baths.
• Animals must not be allowed to disrupt others (e.g., barking continuously, growling, yowling, howling, etc.). Animals which constitute a threat or nuisance to staff, residents or property, as determined by the Housing Coordinator or designee, must be removed within seven (7) days of notification. If Grayson College Police Department personnel determine an animal poses an immediate threat, animal control may be summoned to remove the animal. If the behavior of an animal can be addressed by the owner and the owner can change the behavior of an animal so the animal does not have to be removed, then a written action plan must be submitted by the owner. The action plan must outline the action to take place to alleviate the problems and also must give a deadline as to length of time the plan will take to complete. Any action plan must meet the approval of the Housing Coordinator or designee. The day after the deadline for removal from the residence hall, Housing Coordinator or designee will do a residence hall room inspection to check damages and infestation and then the mandatory cleaning and extermination will be scheduled. Any animal owner found not adhering to the removal directive will be subject to disciplinary action, which could include contract cancellation.

• An animal must not be involved in an incident where a person experiences either the threat of or an actual injury as a result of the animal's behavior. The animal owner will take all reasonable precautions to protect college staff and residents, as well as the property of the college and of the residents.

• The owner will notify residence life staff via the hall office if the animal has escaped its confines and is unable to be located within eight (8) hours.

• All liability for the actions of the animal (bites, scratches, etc.) is the responsibility of the owner. Violations concerning any of the aforementioned may result in the resident having to find alternative housing off-campus for the animal and, as warranted, may also result in a resident being in breach of their housing contract.

• The owner must notify the Disability Services Office if the animal is no longer needed or is no longer residing on Grayson College property. If the animal will be replaced, the owner must submit a new request.

Cleaning and Damages
• When the resident moves out of his/her residence hall room, or no longer owns the animal, the residence hall room will be assessed to determine if damage to department property can be attributed to the animal. Housing maintains the right to conduct residence hall room inspections annually for the purpose of assessing damage caused by the animal or otherwise determine the resident’s compliance with this procedure.

• The animal owner has an obligation to make sure that the residence hall room is as clean as the original standard. If the room has carpeting, this also includes regular vacuuming and spot cleaning. Damages and extraordinary cleaning caused by the animal are the responsibility of the resident. Replacement or repair of damaged items will be the financial responsibility of the owner and accessed by the Housing Coordinator.

Service Animals in Training Policy

ADA Service Animal Terms:

The document (https://www.ada.gov/regs2010/service_animal_qa.html) published by the Office of Civil Rights addresses two key points:

1. The ADA does not require service animals to be professionally trained. People with disabilities have the right to train the dog themselves and are not required to use a professional service dog training program.

2. HOWEVER, service-animals-in-training are not considered service animals. Under the ADA, the dog must already be trained before it can be taken into public places. Thus, until the training is complete, the service animal in training does not have the same protection and privileges as a fully trained service animal. Some State or local laws cover animals that are still in training.

The State of Texas does recognize Service Animals in Training to have access to the same areas as trained service animals as long as they are accompanied by an approved trainer. Grayson College requires the student provide documentation of their certification as the trainer from an approved organization. State of Texas Code Sec.121.003(i) A service animal in training shall not be denied admittance to any public facility when accompanied by an approved trainer.

Requirements for Students:

1. Complete the Disability Services Verification Form for Service Animals in Training. This form does not register the student with Disability Services for classroom accommodations, but if the student wants to apply for services, he/she can do so. This DS Verification Form, along with documentation certifying the student as an approved trainer (#2), will be kept on file in the Disability Services Office.

2. Provide Disability Services a certification of training document. An approved trainer recognized by Grayson College is an individual who has been certified by an organization whose primary mission is to train service animals for people with disabilities. If the student is not an approved trainer, the student must provide proof an approved trainer will be with the student and the dog while in campus buildings.

3. Meet with Disability Services Coordinator to obtain approval for bringing a Service Animal in Training into campus buildings. A campus building is any building on campus, including housing facilities. During this meeting, DS Coordinator and student will:
   a. Review published ADA language that allows for the person to train the dog themselves, but does not recognize service animals in training as a protected accommodation.
   b. Review State of Texas statute that does allow service animals in training to access the same areas as Service Animals as long as they are accompanied by an approved trainer.
   c. Review GC’s policy on what constitutes a recognized approved trainer.
   d. Review GC’s policy that Service Animals in Training must be identified by a vest or tag indicating they are in training, and must comply with and abide by the same college policies and procedures that any Service Animal or Assistance Animal follows. This includes policies within the Code of Student Conduct.

4. Housing Requirements – If the student resides in GC Student Housing, the Verification Form will be sent to the Housing Coordinator as well.

The charges are posted by the Hall Supervisor on the bulletin board and will be updated when another charge occurs. Students are not responsible for damages caused by normal wear and tear. Each resident should keep his/her room key with them at all times. After the first occurrence, a charge of $10 will be assessed each time assistance is necessary to unlock a door.

Authorized staff members may enter a student’s room after knocking first. Rooms will be entered in the absence of the occupant for an emergency, for health and safety checks, inventories, for maintenance, or for a reasonable cause. Inspections may take place at any time without notice. Hall Supervisors will conduct health and safety inspections on a weekly basis. Residence Life retains the right to inspect closets, storage trunks and refrigerators during any health and safety inspection. Any resident found in possession of another person's personal items will be subject to disciplinary action. Students are not allowed to store items of any nature that do not belong to them. Random room inspections by authorized staff accompanied by GC staff or independent contractors with canine units may be conducted periodically to enforce the College zero tolerance policy in reference to the unlawful possession, use, sale or distribution of narcotics, dangerous drugs and related paraphernalia on campus.

FAX MACHINE
A fax machine is available for students to use. It is located in the Mailroom in the Campus Police Building during business hours. Cost is $3.00 for the first page and $1.00 for each additional page sent within the U.S., and should be paid for in the Business Office prior to sending the fax.
FIRE EXIT ROUTES
Become familiar with the exit routes, which are posted at focal points in each building. Periodic emergency drills will be conducted, and students are required to participate if present. Evacuation is absolutely required when the alarm goes off.

FIRE EXTINGUISHERS / SMOKE ALARMS
Fire extinguishers are installed in all residence halls, and smoke alarms in each room. These safety devices must not be disarmed, removed or maliciously discharged. A dismissed smoke alarm may result in a fine. The cost for refilling the extinguisher and for clean-up will be assessed. Additional disciplinary action could result.

FIRE SAFETY
Fire safety and evacuation procedures will be explained at the first Orientation Meeting. The residence hall is equipped with a fire alarm system with several pull stations located throughout the building. In the event that you discover a fire, please activate the pull station on your way out of the building. Causing a false fire alarm is a violation of state law! Any resident violating the policy will be assessed fines and any other penalties pending damages.

FIREWORKS
Possession of fireworks or any explosive device(s) is prohibited by city ordinance. Possession will result in disciplinary action and damage assessments to the violator(s) or to the hall residents.

FULL-TIME STUDENT STATUS
Students living in Grayson College residence halls must maintain full-time enrollment (12 hours) each long term. Students who drop below the required 12 hours, must submit an appeal to the Dean of Student Affairs.

Should additional furniture or cinder blocks for shelving be found in the resident’s room, a citation will be written and the student will be allotted 24 hours to remove the items from the College premises. Failure to comply will result in a Student Code of Conduct violation. The report will be submitted to the Housing Coordinator for further action. There will be a $25 fee for having extra furniture and/or moving furniture from one room to another.

GAMBLING

Grayson College operates residence halls on the Main Campus to accommodate its on-campus residents. The College and the residents share an equal responsibility in keeping the residence halls safe. In keeping with this responsibility, the College has adopted this Missing Persons Policy applying to all occupants of the residence halls.

Before a student may be admitted to a College residence hall, the resident must be 17 years of age – no minors are admitted to the residence hall. In addition, the student must submit a completed Residence Hall Occupant Information Form, which includes the name of a contact person and how they can be contacted in the event the occupant/resident becomes missing from the residence hall. The contact information submitted is confidential and may only be released to the person(s) specifically identified by the resident, to administrative officials of the College who may become involved in a missing persons investigation report involving the resident and to law enforcement authorities investigating a missing persons report.

A resident may be considered missing should the person be absent from the residence hall for a period exceeding 24 hours, without any apparent reason, and does not include persons who have indicated voluntary absence because of domestic, financial or similar cause. The Housing Coordinator or any other concerned person must notify a Grayson College law enforcement official once they have determined that a resident is indeed missing on an involuntary basis and after a period of 24 hours has passed.

GCPD may be contacted for the purpose of submitting a missing persons report by calling the campus police office at 903-814-3343 or by contacting the Grayson County Sheriff’s Office at 903-893-4388. College Policy effective May 2010 (as required by Higher Education Opportunities Act of 2009).

Continued offenses may require that the equipment be taken home for the remainder of the semester. Loud music must not be played during quiet times. Volume on music played from cars parked near residence halls should be low.

NOISE / QUIET TIME
Residents should at all times be aware of other’s sensitivity to noise. Doors should remain closed. Consideration of sleep and study times should be observed, especially with regard to noise (i.e., music, TV, screaming, etc.). IMPORTANT INFORMATION ABOUT BACTERIAL MENINGITIS

This information is being provided to all new college students in the state of Texas. Bacterial Meningitis is a serious, potentially deadly disease that can progress extremely fast – so take utmost caution. It is an inflammation of the membranes that surround the brain and spinal cord. The bacteria that causes meningitis can also infect the blood. This disease strikes about 3,000 Americans each year, including 100-125 on college campuses, leading to 5-15 deaths among college students every year. There is a treatment, but those who survive may develop severe health problems or disabilities.

WHAT ARE THE SYMPTOMS?

- High fever
- Vomiting
- Confusion and sleepiness
- Seizures
- Severe headache
- Light sensitivity
- Nausea
- RASH OR PURPLE PATCHES ON SKIN
- STIFF NECK
- LETHARGY

There may be a rash of tiny, red-purple spots caused by bleeding under the skin. These can occur anywhere on the body. The more symptoms, the higher the risk, so when these symptoms appear seek immediate medical attention.

HOW IS BACTERIAL MENINGITIS DIAGNOSED?

- Diagnosis is made by a medical provider and is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood tests.
- Early diagnosis and treatment can greatly improve the likelihood of recovery.

HOW IS THE DISEASE TRANSMITTED?

- The disease is transmitted when people exchange saliva (such as kissing or by sharing drinking containers, utensils, cigarettes, toothbrushes, etc.) or come in contact with respiratory or throat secretions.

HOW DO YOU INCREASE YOUR RISK OF GETTING BACTERIAL MENINGITIS?

- Exposure to saliva by sharing cigarettes, water bottles, eating utensils, food, kissing, etc.
- Living in close conditions (such as sharing a room/suite in a dorm or group home)

WHAT ARE THE POSSIBLE CONSEQUENCES OF THE DISEASE?

- Death (in 8 to 24 hours from perfectly well to dead)
- Permanent brain damage
- Kidney failure
- Limb damage (fingers, toes, arms, legs) that requires amputation
- Gangrene
- Coma
- Convulsions
- Hearing loss, blindness
- Learning disability

CAN THE DISEASE BE TREATED?

- Antibiotic treatment, if received early, can save lives and chances of recovery are increased. However, permanent disability or death can still occur.
- Vaccinations are available and should be considered for: 1) Those living in close quarters, 2) College students 25 years old or younger
- Vaccinations are effective against 4 of the 5 most common bacterial types that cause 70% of the disease in the U.S. (but does not protect against all types of meningitis).
- Vaccinations take 7-10 days to become effective, with protection lasting 3-5 years.
- The cost of vaccine varies so check with your health care provider.
- Vaccination is safe; common side effects are redness and minor pain at injection site for up to two days.
- Vaccination is available at the Grayson County Health Department.

HOW CAN I FIND OUT MORE INFORMATION?

- Contact your own health care provider.
- Contact your local or regional Texas Department of Health office at 903.893.0131 or 515 N. Walnut, Sherman.
- Contact web sites: cdc.gov/ncidod/dbmd/diseaseinfo; acha.org

Grayson College operates two residence halls on the Main Campus. There are no residence halls on the South Campus. GCPD maintains a fire run report for any fire that occurs in a College residence hall, in the format of a “fire log”. This fire log run report is available for review in the campus police office during normal business operational hours of the college. All residence hall annual fire statistics are reported in a campus public safety brochure and in an attached addendum to the annual crime report and may be located at grayson.edu > Campus Life > Police and Campus Safety. These annual fire statistics include the number and cause of each fire, number of fire deaths and injuries, value of property damaged during ire and the number of fire drills held each year in the residence halls.

As required by federal law and the Jeanne Clery Act, Grayson College Police Department prepares the Annual Security Report (ASR) for all employees, students and visitors. The ASR contains information pertinent to those students residing in the residence halls. Information such as crime statistics, fire safety and statistics, whom to report crimes too and many others items are covered in the ASR. The Report is made available in two ways. A hard copy of the report is available upon request at the College Police Department during normal business hours. A digital copy of the Report may also be obtained on the College website. As mentioned above, the ASR contains information regarding the number of fires that have occurred within the residence halls. Along with this data, the number of fire drills, value of property damaged and/or and deaths of injuries resulting from fires. The ASR also contains data from the three prior consecutive years.

For each resident hall occupant, a Residence Hall Handbook is prepared and distributed, which includes residence hall rules and regulations as well as fire safety information. Included in this handbook is a description of the fire safety systems for the residence halls that includes smoke alarms in each residence hall room, fire extinguishers and fire alarm pull stations throughout the residence halls common areas. Keep in mind that the alarm pull stations are local alarms only and not on a monitored alarm system. So a phone call will be required to 911 to report the alarm.

Possession of appliances in the residence halls is limited to those that may not contribute as a fire hazard and are further described in the Residence Hall Handbook. Smoking is also prohibited in the residence hall as well as possession of any object that emits an open flame such as a fragrance candle or burning incense. The Residence Hall Handbook may be reviewed on the College website.

Should a fire occur in the residence halls, the occupants should follow the evacuation procedures and routes that are outlined in the Residence Hall Handbook and call 911 for a response by the fire department. Once the 911 call is made, the caller will be connected to the dispatch center of the Grayson County Sheriff’s Office who will dispatch fire services to the residence hall. A campus public safety officer will also be dispatched by the 911 operator to the scene of the fire to assist occupants at the fire scene and file a report afterwards.

Fire safety information in the form of pamphlets is made available to the residence hall occupants to help prevent fires both in the residence halls and in the common areas of the campus. All students and employees are encouraged to review a copy of these pamphlets available in the College Police Department to help prevent fire dangers on campus.

1.2 The following emergency evacuation procedures apply to all residents and guests and must be followed should smoke and/or fire be detected or the fire alarm be activated.

2.0 DEFINITIONS

2.1 Primary Escape Route – Emergency exit doors at the end of each hallway.

2.2 Secondary Escape Route – Inner common use stairwells.

2.3 Designated Meeting Place – Assembly Area 9 (located in the parking lot east of Viking Hall)

3.0 PRIOR TO EVACUATING THE DORMITORY ROOM

3.1 Place the back of your hand against the door, the knob, or the crack between the door and the door frame on the side with the hinges. If it is hot, stuff a towel or other cloth material at the base of the door to prevent smoke from entering the room. Crawl to the window for escape or to signal for help. **NOTE:** If you are two or more stories above the ground, and are in imminent danger of losing your life with no foreseeable route of escape, jump only as a last resort.

3.2 If the door is cool, brace yourself against it, turn your face away and open it carefully. If heat and smoke come in, slam the door, making sure it is latched and proceed as above.

3.3 If no fire, heat or smoke is detected upon checking the door, prepare to evacuate through the nearest unobstructed primary or secondary escape route.

4.0 EVACUATION PROCEDURES

4.1 Evacuate the building immediately. If possible shut the windows and close the room door upon leaving.

4.2 All residents will leave the building by either the primary or secondary escape routes.

4.3 Should a resident not be in the assigned wing when it is time to evacuate, he/she must evacuate with the wing that they are in at the time, and not return to their assigned room or area.

4.4 Upon evacuating, if smoke is encountered, crawl low (12 to 24 inches off the floor) to the nearest unobstructed exit.

4.5 If the general building fire alarm has not been activated at the time of evacuation, activate an alarm by pulling the nearest alarm pull station on your way out of the residence halls.

4.6 The first person out of the primary or secondary escape route should prop the door open for ease of evacuation.

4.7 Once all residents have evacuated, the emergency exit door should be closed, if safely possible.
4.8 NEVER RE-ENTER A BURNING BUILDING or allow anyone else to do so. Once out, stay out and do not re-enter the building until the scene is safe and you are authorized to do so by an on scene public safety official.

4.9 After evacuation, all dormitory residents are required to meet with the Residence Hall Supervisor or other college official at the designated meeting place for their residence hall.

4.10 Residents are further required to remain at the designated meeting place until released by an authorized college official.

5.0 DURING EVACUATION

5.1 Do not waste time getting dressed or gathering valuables. You have no time to spare. No possession is worth your life.

5.2 If your clothes catch fire, stop, drop and roll. DO NOT RUN! Cover your face and mouth with your hands for protection from the flames and roll over and over to smother the flames.

5.3 If you view someone else’s clothes on fire, tackle or knock the person down and help the person to roll on the ground. If available, throw a blanket or rug over the victim to smother the fire.

5.4 USE YOUR SENSES! If you smell smoke, feel excessive heat, see an actual fire or hear a fire alarm, STAY CALM and THINK! Then take quick, deliberate, but cautious action.

6.0 FIRE DRILLS

6.1 The Residence Hall Supervisor will schedule a minimum of one fire drill per semester to ensure all residents are acquainted with fire evacuation procedures. All residents are required to participate and may not receive any advance notice of a scheduled fire drill.

7.0 COLLEGE RULES AND REGULATIONS

7.1 The failure of any resident to strictly follow the above procedures may result in a student disciplinary action being brought against the resident, which may include a range of penalties up to and including expulsion from the College.

8.0 FIRE RELATED LAW

8.1 According to Texas Penal Code 42.06, it is a Class A misdemeanor to initiate a false fire alarm. Class A misdemeanors are punishable by a fine not to exceed $4,000, confinement in jail for a term not to exceed one year or both such fine and imprisonment.

8.2 It is also a violation to tamper with fire safety equipment such as fire extinguishers.
