Art Machine
January 30 - March 10th, 2023

Machines get things done. Sometimes in a very simple way, like a lever. Sometimes in a very complex way, like a Rube Golberg machine. A machine can be clean and stream-lined, bringing us to a bright new future or dirty and bulky, getting tough work done.

Throughout history, artists have been interested in designing and building machines, reimagining the potential of machines, and investigating our relationship with machines. This show, Art Machine, asks artists to investigate the intersection of art and machine to discover the potential of both.

The exhibition is open to all area artists, art students at Grayson College and other colleges and universities; as well as high school art students in their junior and senior year. Work in any media is eligible.

Artists are limited to three (3) entries. All flat work must be suitably framed, wired, and ready to hang. Please no saw tooth hangers or frames with a drill hole for a nail. Grayson College reserves the right to reject any work that is deemed unsuitable for the exhibition or does not adhere to the theme of the show. For Additional information contact the GC Visual Arts Department at (903) 463-8662 or message us on our Facebook page, Grayson College Visual Arts Department.
