

2nd Floor Gallery

Flora and Fauna

September 12 - October 21, 2022

The natural world has long been an inspiration to artists. From the cave paintings of prehistoric man to the careful renderings of Renaissance printmakers to the graceful motifs of Art Nouveau to the land art movement in the 1970's artists have studied, appreciated, and wondered at our relationship with nature.

Flora and Fauna asks artists to investigate the plant and animal kingdoms, to find beauty, to find truth, to find our connection to the world we share.

The exhibition is open to all area artists, art students at Grayson College and other colleges and universities; as well as high school art students in their junior and senior year. Work in any media is eligible.

Artists are limited to three entries. All flat work must be suitably framed, wired, and ready to hang. Please no saw tooth hangers or frames with a drill hole for a nail. Grayson College reserves the right to reject any work that is deemed unsuitable for the exhibition or does not adhere to the theme of the show.

For Additional information contact the GC Visual Arts Department at (903) 463-8662 or message us on our Facebook page, Grayson College Visual Arts Department.
