Fiscal Year Ending  
**August 31, 2014**

**GRAYSON COLLEGE**  
**DISCUSSION OF OPERATING BUDGET FOR 2013-2014 FISCAL YEAR**

**SUMMARY – UNRESTRICTED FUND**

Excellence and expansion are the dual themes of the 2013-2014 budget for the unrestricted fund. The unrestricted fund is the primary operating fund for the college.

The budget makes major strides toward excellence in student success. Primarily, this is reflected in the proposal to become an Achieving the Dream school, in the proposal to strengthen the Learning Frameworks initiative, and in the proposal to add a data coordinator and computer professionals. The quest for excellence is also seen in the proposal to create an in-house web designer position and the proposals to add personnel in the registrar's office, the business office, and the human resources office.

Staffing the new South Tech Center is the principal driver of expansion in the budget. This new facility will necessitate hiring an instructor for the electrician program, an instructor for the occupational safety program, a janitor, a financial aid specialist, and a librarian. The budget also contains a proposal for a health coordinator in the Center for Workplace Learning to expand the services to the health care profession.

**UNRESTRICTED FUND REVENUE**

Revenue in the 2013-2014 budget for the unrestricted fund is \$26,443,478. That represents an increase of \$1,365,666, or 5.4%, from the approved 2012-2103 budget.

The three major sources of revenue for the unrestricted fund are local property taxes, tuition and fees, and funding from the State of Texas. There are also several minor sources of revenue.

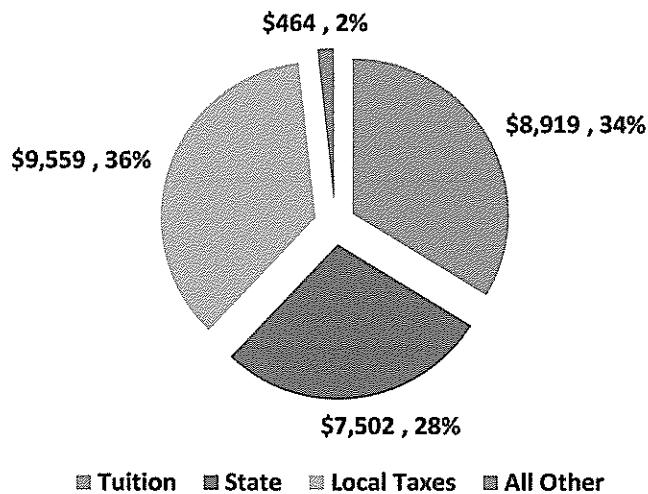

Local property taxes are the single largest source of revenue in the budget for the unrestricted fund, bringing in 36.1% of the total. That is followed by revenue from tuition and fees at 33.7% and then by funding from the State of Texas at 28.4%. In contrast, ten years ago in the 2003-2004 budget the largest revenue source was funding from the State of Texas at 39.4%, then local property taxes at 34.1%, and then tuition and fees at 22.5%

Information on the unrestricted fund revenues for 2013-2014 and the approved budget 2012-2013 budget are presented in graphic format below. There is little change between the two budgets. On a percentage basis, tuition and fees grew slightly, while state funding and property taxes fell slightly.

	2012-2013 Budget		2013-2014 Budget	
Tuition	\$7,948	31.7%	\$8,919	33.7%
State	\$7,448	29.7%	\$7,502	28.4%
Local Taxes	\$9,243	36.8%	\$9,559	36.1%
All Other	\$439	1.8%	\$463	1.8%
	<u>\$25,078</u>	<u>100.0%</u>	<u>\$26,443</u>	<u>100.0%</u>

Dollars are rounded to thousands

## 2014 Unrestricted Revenue (\$000)

## 2013 Unrestricted Revenue (\$000)

**Tuition and Fees:** Revenue from this category is projected to increase \$970,666, or 12.2% as compared to the 2012-2013 budget.

There are two major sources of tuition and fees. The largest is credit enrollment in academic and workforce courses. However, a significant portion of tuition revenue comes from the Center for Workplace Learning (CWL) in the form of continuing education and grant funded instruction to support local employers. The increase in tuition and fee revenue in the budget is almost exclusively from credit enrollment, as opposed to the CWL.

The 2013-2014 budget assumes that enrollment in credit courses will remain flat from 2012-2013 levels. However, tuition from this source will increase due to the increase in tuition rates that the Board of Trustees approved at their February meeting. Rates for in-district and non-resident students increased by \$4 per credit hour, while rates for out-of-district students increased by \$7 per credit hour. The increases in these rates will yield approximately \$465,000 in revenue. Additionally, excluding CWL revenue, actual performance in fiscal year 2012-2013 will exceed the budget by approximately \$390,000 in this category. Also, new programs in Learning Frameworks, Occupational Safety, and Electrician will generate an additional \$140,000 in tuition revenue.

Tuition from the Center for Workplace Learning will be essentially flat, comparing the budget with the 2012-2013 approved budget.

**State Appropriations:** Support from the State of Texas based on the college providing instruction is reported in this revenue category. The State of Texas also provides funding for employee benefits. That funding will be discussed in the expenditure section of this report.

For the 2013-2014 budget, funding for instruction was based on a multi-faceted formula to reward community colleges for success as well as activity. The success funding contains various components such as completion of developmental courses, the accumulation of credit hours, or the completion of a certificate or degree. The activity funding is based on the number of contact hours that the college provides to its students. Additionally, each Texas community college receives \$500,000 per fiscal year in base funding. Funding for instruction is essentially flat from the prior budget year in Grayson's case.

Grayson College's viticulture program was recently successful in receiving a \$50,000 special appropriation to be used in its outreach program. This amount is included in the 2013-2014 budget but was not included in the approved 2012-2103 budget.

**Local Taxes:** Revenue from local property taxes will increase in the 2013-2014 budget, and the actual tax rate will decrease. This is due to the increase in property values in Grayson County. Revenue from property taxes will increase approximately \$240,000, or 2.6%, to \$9,479,406. The over-all tax rate will drop from \$.1818 per \$100 valuation to \$.18161 per \$100 valuation.

Additionally, the local tax assessor-collect also administers a Federal flood control program that benefits the college. Each year the college has booked between \$70,000 and \$90,000 from this program in a separate property tax account. The 2013-2014 budget includes \$80,000 for this source, although prior budgets have only included small amounts.

**Other Revenue:** Actual performance in the 2012-2013 fiscal year will exceed the budget. The 2013-2014 budget has been adjusted to reflect these results, increasing revenue in this category by approximately \$24,000.

#### **UNRESTRICTED FUND EXPENDITURES**

Expenditures in the 2013-2014 budget for the unrestricted fund are \$26,443,479. That represents an increase of \$1,365,667, or 5.4%, from the approved 2012-2103 budget.

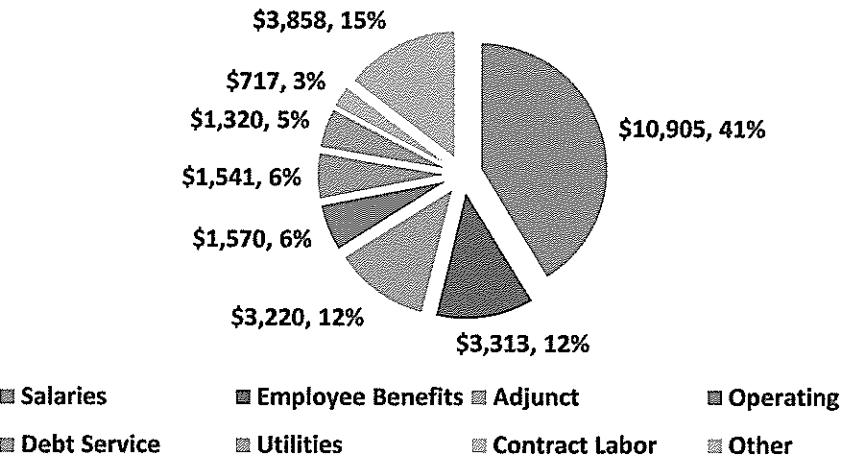

The following table shows the relative size of each category of expenditures in the approved 2012-2013 budget and the 2013-2014 budget. Expenditures related to personnel represent approximately two-thirds of the expenditures of the unrestricted fund. This reflects the labor-intensive nature of instruction. Salaries for full-time, permanent employees in the 2013-2014 budget are \$10,905,056 or 41.2% of total expenditures. Adding salaries for adjunct employees and benefits for all employees raises this percentage to 65.9%.

**Dollars in Thousands**

	<b>2012-2013 Budget</b>		<b>2013-2014 Budget</b>	
Salaries - Nonadjunct	\$ 9,728	38.8%	\$ 10,905	41.2%

Information on the unrestricted fund expenditures for 2013-2014 budget and the 2012-2013 budget are presented in graphic format below, with the dollar amounts rounded to thousands.

## 2014 Unrestricted Expenditures

## 2013 Unrestricted Expenditures

**Salaries – Non-Adjunct:** The 2013-2014 budget increases salaries for full-time, permanent employees by \$1,176,856 or 12.1% as compared with the 2012-2013 budget. The primary cause of the increase is the creation of twenty new positions, as listed below:

<u>Department</u>	<u>Job Title</u>	<u>Salary</u>
Foundation	Director of Fund Raising	\$ 105,841
Teaching and Learning	Director of Teaching and Learning	68,000
Public Information	Web Designer	55,000
Human Resources	HR Director	55,000
Education	Learning Frameworks Instructor	50,000
Admissions and Records	Assistant Registrar	48,000
Administrative Computing	Programmer	48,000
Occupational Safety	Safety Instructor	46,858
Electrician Program	Electrician Instructor	46,858
Accounting & Business Management	Accounting/Business Instructor	46,858
Institutional Effectiveness	Data Coordinator	43,000
Business Services	Assistant Director	40,000
Academic Computing	Network Manager	40,000
Library	Additional Librarian	40,000
Center for Workplace Learning	Health Coordinator	40,000
Guidance and Counseling	Counselor	38,775
Financial Aid	Specialist for South Campus	27,000
Janitorial Services	Janitor for South Campus	22,026
Baseball	Assistant Coach	20,000
Softball	Assistant Coach	20,000
		<u>\$ 901,216</u>

Contributing to the increase in salary expenses, the 2013-2014 budget includes the full cost of salaries in the Culinary Arts program. In the prior budget the majority of this cost was paid by a grant, and in earlier budgets the entire cost was grant-funded. This adds \$81,368 to salary expenses in the unrestricted fund budget.

Additionally, the 2013-2014 budget includes an across-the-board wage increase with a cost of approximately \$193,000. The average wage increase is 2.0%.

Faculty, clerical staff, janitorial and maintenance, and lab employees are included in salary scales. Each employee included on a salary scale will move one step on the appropriate scale, and each scale will be adjusted so that those employees will receive a 2.0% raise on average. Individual employees may receive a higher or lower percentage increase, depending where they fall on a particular salary scale.

Administrators and professional employees are not included on a salary scale. Each of those employees will receive a 2.0% wage increase.

Also, the 2013-2014 budget returns to the prior budgeting practice for salaries. Each position is budgeted as if it were to be filled for the entire fiscal year. The approved 2012-2013 budget included each salary at 98% on the rationale that some positions would be vacant for a portion

of the fiscal year. This practice accounts for approximately \$255,000 of the increase in the salary category from the approved 2012-2013 budget to the 2013-2014 budget.

**Employee Benefits:** Despite the addition of employees and the across-the-board wage increase, employee benefit costs are essentially flat from the 2012-2013 budget to the 2013-2014 budget. The approved 2012-1013 budget had additional funding in this category due to the uncertainty of state funding for employee benefits. The 2013-2014 budget is based on the provision of the bill passed by the Texas Legislature. Going forward, we will able to count on the State of Texas funding one-half of the health insurance and pension costs for eligible employees.

**Departmental Operating Expenses:** The budget includes an increase of \$123,520, or 8.5% for this category. Expansion is the primary reason for this increase. The largest increase comes from Biological Sciences in the amount of \$32,344. That is primarily due to the creation of an additional biology lab in the space to be vacated when the Medical Lab Technician program moves to the South Campus. Expanding operations also accounts for the increases from Personnel Services, the Occupational Safety program, the Electrician program, and the Welding program.

**Utilities:** The college was able to lock in rates for electricity beginning in December 2013 that are approximately seventy percent of our current rates. On that basis we have conservatively lowered our budget for electricity on the Main Campus by \$50,000.

With the college's connection to the City of Denison's sewer system, we will begin paying for sewer treatment. That expense is budgeted at \$90,000.

The 2012-2013 budget for utilities at the South Campus is higher than is needed. With that consideration and with the lower rates for electricity, the college should be able to absorb the addition of the South Tech Center without raising the utility budget for the South Campus.

**Property, Plant and Equipment:** This category will increase \$40,888, or 30.3%, compared to the 2012-2013 budget. The majority of the increase in equipment cost, \$37,206, is to provide the necessary tools for various new positions created in the 2013-2014 budget.

**For Existing Operations:**

Academic Computer	Servers, Switches & Other Tech Equipment	\$ 40,000
Library	Library Books	35,000
Administrative Computer	JICS Web and Database Server Upgrades	22,000
Building Maintenance	2 Additional Utility Carts	18,000
Continuing Education	Replace 20 PC's and 3 laptops	15,250
Business & Management	2 PC's, 2 printers, 1 tablet	2,897
Building Maintenance	Rental of specialized equipment	2,000
Accounting	PC, printer and tablet	1,538
Office Occupations	PC and printer	1,100
Nursing - Associates Degree	Projector and screen for conference room	800
Sub-Total		138,585

**For New Positions Created in Budget:**

Custodial Services	Janitorial Equipment for South Tech Center	19,200
Personnel Services	Furniture/Equipment for Director	7,281
South Grayson Center	Furniture/Equipment for 2 additional offices	6,000
Business Services	Furniture/Equipment for Asst. Director	2,000
Financial Aid	Furniture/Equipment for South Tech Center	1,025
Public Information/Marketing	Furniture/Equipment for Web Designer	1,000
Education	Furniture/Equipment for Learning Frameworks	700
Sub-Total		<u>37,206</u>
<b>Total Equipment Request for Unrestricted Fund</b>		<b><u>\$ 175,791</u></b>

**Conclusion:** The 2013-2014 budget is balanced, meaning that anticipated revenues equal proposed expenditures. The dual goals of excellence and expansion are funded primarily through the tuition increase that was approved in February. Additionally, the State of Texas will provide a higher level of funding for benefit costs, although its appropriations for instruction are flat for Grayson College. Also, the value of property in Grayson County has increased, allowing the college to increase revenue from property taxes while lowering the property tax rate in the 2013-2014 budget.

## **SUMMARY – AUXILIARY FUND**

The goal of the auxiliary fund is to provide resources to the college through related business-like operations.

The bookstore continues to be the most successful auxiliary operation in terms of providing resources to the college. The housing operation is profitable, primarily because of the expense savings from closing Jensen Dorm and maximizing the occupancy of Viking Dorm. The food service also provides a positive cash flow through the contract with Great Western Dining and vending sales.

The golf course continues to lose money. Expenses are as low as possible. A higher volume of golfers is necessary to bring this operation into a positive cash flow position.
